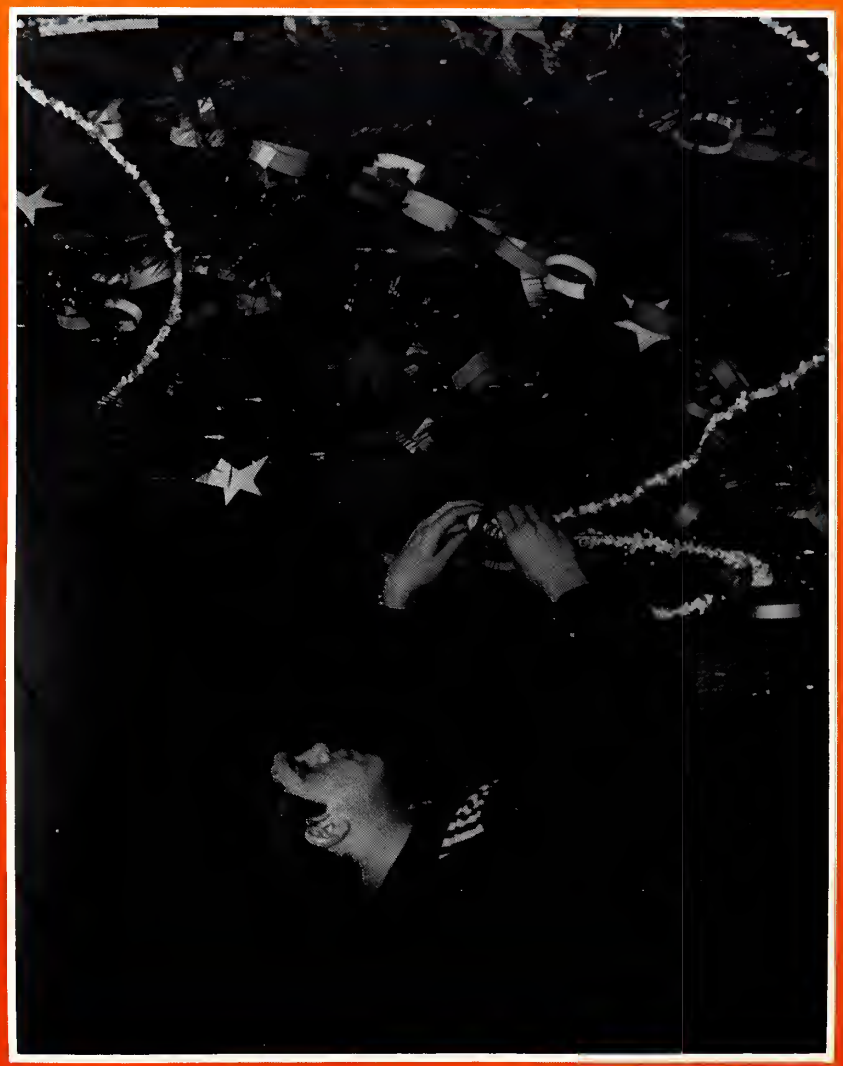
FEATURES



Orientation only happens once per year...morning calisthenics, placement exams ...and far too many meetings.

New freshmen and transfer students experiencing college life for the first time.

The long registration lines, outdoor picnics, large book bills, and the Cummings come-on follies made this Orientation Week one to remember.

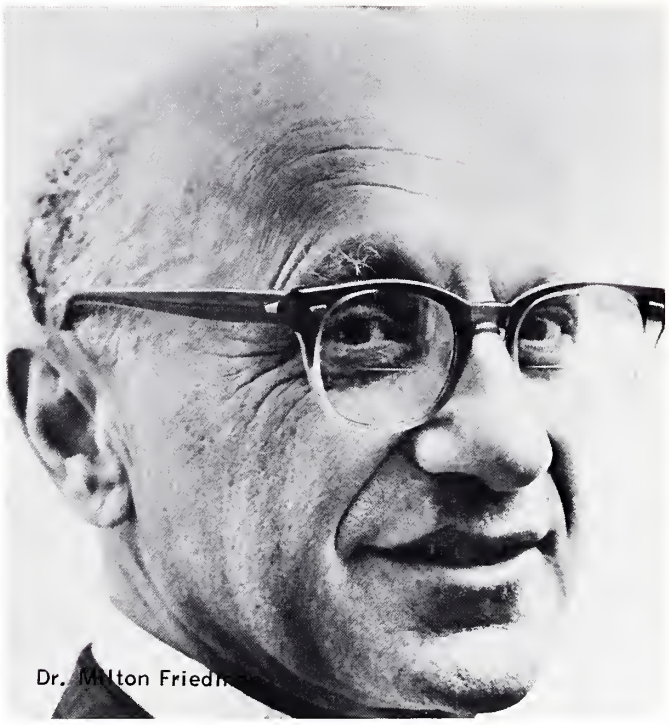
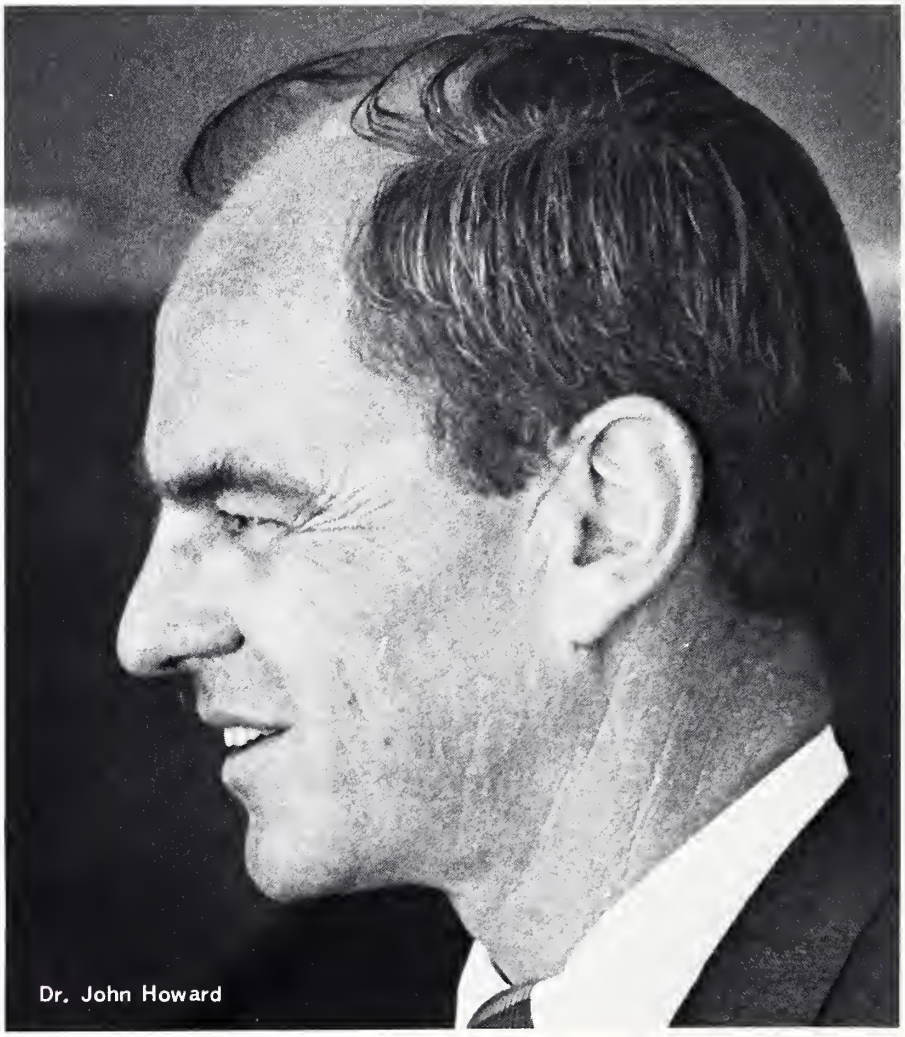
FORUM SERIES
1974-1975



Dr. Milton Friedm

Abba Eban



Dr. John Howard

Congresswoman Shirley Chisholm

Entering into its third year of existance, the college's forum series was beginning to become a permanent fixture at 5050 East State Street. Although a number of students, mostly seniors, carried on their silent protest against the required discussion groups, the majority of the students warmly welcomed some of the "big names that spoke." Topping the list was New York Congresswoman Shirley Chisholm, NEWSWEEK Magazine economist Milton Friedman, and former Israeli Defense Minister Abba Eban.

IN MEMORY

and each one there
had one thing to share-
they have sweated beneath the same sun
looked up in wonder at the same one
and wept when it was all done
for being done to soon...

A Tragedy . . .

Classes had not even been in session two weeks when junior Debbie Crilly died. A hit-and-run motorist struck and killed her at Alpine Road and Morsay Drive, as she and three friends were walking back to campus on Friday evening, September 13. One of the girls was treated for injuries at St. Anthony Hospital, and three days later, a Rockford man turned himself in to the police, in connection with the event.
